

# WHERE YOU ARE

music: GIANNI GIANNOTTI  
lyric: FEDERICA LORUSSO  
arr. VITO DI MODUGNO

I was alone here with all my thoughts  
In this gloom it was night  
And then falling in love with you  
Was the light in this sky

Days are gone but you found here a place to stay  
and when I try to raise my soul  
I found that it is here

where you are...  
Where you are  
in this nearness  
and this distance  
Just in my heart  
Is where you are

I was alone with all my songs  
In this gloom it was dark  
And then catching the thought of you  
Was the mark in my blanks

Time passes by but you found here  
your place to stay  
And all the time I tried to raise my love  
I found that it's all here

Where you are  
Where you are  
In this joy  
In this sorrow  
Just in my heart  
Is where you are
